

# Dependable Floor Preparation Products

*Flooring Experts since 1951*

## Self-Levelers

Dependable's self-levelers are both pumpable and pourable and can be used on a variety of surfaces including wood, ceramic tile, and concrete. There is a solution even for the most difficult substrates.

## Feather and Patch

The adhesive friendly, mildewcide protected products are easy to use with a quick dry time. From a feather finish to over an inch in thickness the Dependable feather and patch products can prep the floor.

## Moisture

Cost effective and high quality our moisture mitigation products can prep any concrete with moisture issues helping fast track a job while saving money.

## Multi-Family Underlayment

Dependable provides a one source gypsum underlayment and sound control system providing durability, luxury and comfort in new multi-family construction.

## Primers, Adhesives and Additives

For high standards and when added adhesion is needed Dependable's primers and additives improve adhesion, flexibility and add extra mildewcide protection.

## Rolled Underlayments

Whether tile cracking, noise or moisture is an issue we have a solution to keep floors durable and comfortable. These high performance underlayments work well with both residential and commercial settings.

OWNED AND MADE

SINCE 1951
