

Dependable's Floor Preparation Products

Flooring Experts since 1951

Self-Levelers

Dependable's self-levelers are both pumpable and pourable and can be used on a variety of surfaces including wood, ceramic tile, and concrete. Dependable has a solution for the most difficult substrates.

Feather and Patch

The adhesive friendly, mildewcide protected products are easy to use with a quick dry time. From a feather finish to over an inch in thickness, Dependable feather and patch products can prep the floor.

Moisture

Dependable's high quality, cost effective moisture mitigation products can prep any concrete with moisture issues helping fast track a job while saving money.

Multi-Family Underlayment

Dependable provides a one source gypsum underlayment and sound control system providing durability, luxury and comfort in new multi-family construction.

Primers, Sealers and Additives

For high standards and when added adhesion is needed, Dependable's primers, sealers and additives improve adhesion, flexibility and add extra mildewcide protection.

Rolled Underlayments

Whether cracked tile, noise or moisture is an issue, we have a solution to keep floors durable and comfortable. These high performance underlayments work well in both residential and commercial settings.

Dependable, LLC is a **American Manufacturer** of professional grade floor products for repair, restoration and new construction. Since 1951, Dependable has been producing the finest underlayment, patching, and floor preparation products available.
